Grade level(s): Entering 7th or 8th
Grade 2011-2012

Maximum Number of Students:
20

Session Length: 1 week

Class Description:

The course will feature a review of fundamental concepts and is designed to bridge the gap between the Spanish courses currently offered at Fremont. Students will review previously-learned concepts and explore deeper themes within the curriculum to acquire and apply skills. The students will receive individualized attention and the instructor will facilitate discussion and comprehension of concepts that may have been difficult throughout the school year. This will be a great review and will provide a foundation for the next Spanish level offered at Fremont.

Instructor's Name: Adam Lang

Location: Intermediate School
Media Center

Grade level(s): Entering 6th-8th
Grade 2011-2012

Maximum Number of Students: 20

Session Length: 1 week

Class Description:

The Spanish program at Fremont currently offers several technological components that enhance the opportunities for students to incorporate technology into their learning. The course will serve as a training (not a language) course to allow students to explore technology relevant to the curriculum currently offered at Fremont. Students will learn to evaluate and navigate useful websites and other technological tools at their own pace and leisure. The websites can be incorporated after the class concludes and parents are invited to the last half hour of the final class day to discuss learning and other questions.

Supply List: A jump or flash drive is optional if you wish to keep your work (not required).
